LIGHTING SOLUTIONS
FOR HIGH PERFORMANCE

LIGHTING SOLUTIONS FOR HIGH PERFORMANCE

Work light of the future

The sophisticated SCANGRIP work lights are second-to-none and made for the real professional who needs the best tool he can get for the task. The full product line-up covers all kinds of work light solutions with superior quality across the entire range. These are lights made for work and built to last.

Latest technologies for best performance

SCANGRIP constantly push back the boundaries of LED lighting and battery technology, creating new cutting-edge work lights. We always reach for that extra brightness, that extra operation time, those little touches that make a real difference when you need the best work light you can get. We guarantee to provide you with only premium products for optimal performance.

Extreme durability and functional design

At SCANGRIP we are dedicated to the design and feel of our products. This, combined with a desire to constantly improve and innovate make a breeding ground for new developments. We want to offer you the best working tool at all.

SCANGRIP work lights are extremely durable and made to last and do the job again and again. The entire product line is sturdy and endures the really demanding working environment which expose both the professional worker and his tools to rough, wet, and dirty conditions. The lights are covered by a high IP protection level to resist even outdoor use in all kinds of weather.

Extended warranty

Every SCANGRIP work light is manufactured at our own factories and subject to strict quality controls. Our lights meet the highest quality standards and are built to last. They are so good that we offer a warranty extension. All SCANGRIP work lights come with a 3-year warranty. Because we stand by the products we offer.

MAG - Europe's most bestselling work lights even further improved

// The rechargeable handheld work lights everybody knows – and loves! With significantly improved light output, battery upgrade and even more functionality, the popular MAG work lights offer great value in every workshop operation.

The MAG series consists of universal and powerful multipurpose work lights that all professional users must have!

- Significantly improved with higher lumen output
- Integrated work light and flashlight functionality in one
- Strong built-in magnetic holders and retractable hooks for handsfree operation
- New stepless dimmer function

PATENT PROTECTED

// Updated and more powerful than ever

Taking advantage of the latest high performance LED technology, the MAG range comprises extremely powerful work lights providing significantly improved light output.

// Multipurpose with cool design

The characteristic and elegant design of the MAG handlamps provides an ergonomic and user-friendly grip. Place anywhere you want with the strong built-in magnetic holders and retractable suspension hooks to obtain complete flexibility. The lamp head is flexible and tilts up to 180 degrees.

// Stepless dimmable

The new MAG PRO replaces MAG 3 and is upgraded with a stepless dimmer function in the range of 10% to 100%. Compared to the previous MAG 3 the lumen output is double and protection class has been upgraded to IP54. New design with battery indicator on front.

HEADLAMPS *for professionals*

// Pursuing the vision of designing innovative work light for the professional end-user

- Illuminates your entire workspace
- Rechargeable
- Long duration time
- Easy to operate
- Sensor function with touchless on/off switch

As opposed to all other headlamps providing a beam of light, the new I-VIEW and ZONE headlamps are designed to provide optimum work light illuminating your entire work area.

Supplied with the newest COB LED technology, both headlamps provide an extremely powerful illumination which spreads the uniform light to the maximum and lightens up your entire field of view.

You avoid turning the head to illuminate your actual workspace from a limited headlamp beam.

years
warranty

PATENT PROTECTED

NEW

// Choose between white and red work light

The red light is intended for work in the dark and provides light without over-exposing the retinas while at the same time keeping the eyes adjusted for the dark.

The red-light functionality is mostly known from the military to read maps on maneuvers at night, but is also needed in civilian professions for work at night, for instance on ships and offshore. On ships it is particularly useful on the bridge at night, because it preserves your night vision so you can work at the control panel. Headlamps with red-light mode are also well suited for security guards that work at night in dark surroundings.

// Newest lighting technology

The NIGHT VIEW provides extremely powerful illumination which spreads the uniform light to the maximum and lightens up your entire field of view. You avoid turning the head to illuminate your actual workspace from a limited headlamp beam.

NIGHT VIEW is provided with the very newest rechargeable battery technology with extraordinary long duration, and sets new standards for professional work light. When set on sensor mode NIGHT VIEW is turned on/off only by waving a hand in front of the lamp. Thus, the light can easily be switched on/off, even when wearing thick gloves.

STANDS and SUSPENSIONS

// Designed for direct mounting of the NOVA work lights and STAR without bracket. Made of durable and sturdy powder coated steel for both indoor and outdoor use

ORIGINAL
SCANGRIP

SINCE 1906

// High stability tripod

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area. The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

The stable construction of the SCANGRIP TRIPOD makes it safe even when fully extended. To increase safety when in use the cable of the lamp can be fixed in the safety clips placed on each separate leg.

// Wheel stand for mobile positioning

The SCANGRIP WHEEL STAND is developed for mobile positioning of the work light typically in the workshop. It makes it easy to move the light to where you need it, and at the same time you avoid uncomfortable and heavy lifting from one workplace to the other. When the job is done the stand can easily and fast be put aside.

The SCANGRIP WHEEL STAND is extendable from only 0.7 m up to 1.9 m which gives you complete flexibility to position the light in the requested height. The 3 wheels are sturdy and of high quality and roll easily even on uneven surfaces. 2 of the wheels are lockable to secure a safe and fixed position.

LINE LIGHT - *Unique lighting concept*

ORIGINAL
SCANGRIP

SINCE 1906

MADE IN DENMARK

// LINE LIGHT is a flexible lighting solution for universal application designed for use anywhere where strong, efficient and concentrated light in a specific working area is needed

- “Unbreakable” - extremely sturdy and shockproof
- Waterproof to resist wet and dirty workshop environment
- Low voltage 24V DC
- Technical lifetime of LEDs 100,000 hours
- Made in Denmark

3
years
warranty

PATENT PROTECTED

// Bright illumination exactly where you need it

By means of a built-in prism, LINE LIGHT concentrates the light in a 75° beam angle providing an extremely bright and powerful illumination of the specific working area. Blinding during work is avoided, and the lamp itself can be turned to provide the optimum lighting angle.

EU DESIGN
PATENT
1882523

// Innovative LED technology

The LINE LIGHT series is based on the newest state-of-the-art LED technology. LINE LIGHT provides almost double illumination compared to the traditional 36W fluorescent tubes which are commonly used within the industry. The quality of the light is extremely powerful, like daylight which is optimum for precise recognition of colours, shades and other product details. The uniform, flicker free illumination without strobe effects also minimizes the risk of accidents.

// Extreme durability

LINE LIGHT is constructed by a closed "unbreakable" extruded acrylic profile which makes it extremely sturdy and shockproof to endure even strong strokes, shocks and vibrations from industrial machinery.

LINE LIGHT endures the rough, wet and dirty conditions of the professional working environment within the industry and is resistant to both oil and chemicals. The IP67 classification means that it is resistant to both dust and water. LINE LIGHT is completely maintenance free.

// Reduced power consumption

Compared to traditional fluorescent tube lighting LINE LIGHT only consumes half the amount of electricity which presents serious cost savings on electricity.

// Dimmer

With the new dimmer function it is possible to adjust the light intensity stepless from 1-100% to meet individual working conditions. LINE LIGHT 2-POST and LINE LIGHT 4 is delivered incl. dimmer, and can also be bought separately and retrofitted on all existing LINE LIGHT installations.

FLEXIBLE lighting solution for 2-post lifts and mobile column lifts

ORIGINAL
SCANGRIP

SINCE 1906

MADE IN DENMARK

LINE LIGHT 2-POST is a universal all-in-one solution always available at hand and ready to use when needed.

The lighting unit can be positioned everywhere underneath the car with magnets and can be moved under the car to the actual repair work.

Due to the 5 m spiral cable, the lamp can easily be used for illumination around the entire car, or as a dedicated lamp for engine bay or wheel arch illumination.

- Fits all 2-post lifts and mobile column lifts regardless of type
- Designed to be mounted on existing lifts
- Integrated part of lift
- Easy and uncomplicated to mount
- No drilling in the lift construction
- Incl. DIMMER function

LINE LIGHT 2-POST

PATENT PROTECTED

COMPLETE lighting solution for automotive lifts

- Extremely powerful illumination of working area
- Improves work efficiency and working conditions
- Avoid blinding the mechanic during work
- Adjustable lighting angle

// Compact design

LINE LIGHT provides an extremely bright and powerful illumination of the entire undercarriage - almost double illumination compared to traditional 36W fluorescent tubes. The slim and compact design leaves space for the center jack to pass.

// Easy DIY installation

As LINE LIGHT is a low operating voltage (24V DC) system, you can easily do the installation yourself. All basic fittings are supplied with each kit together with power supply and cable. The pre-defined LINE LIGHT kits are considered universal and will fit the majority of all automotive 4-post lifts, regardless of the manufacturer or brand.

Combine LINE LIGHT lighting units with power supply, cable and suitable suspensions. A range of flexible suspensions makes it possible to position the lighting units exactly where you need it. Go to our website to see all accessories available.

All prices are gross prices, VAT exclusive and subject to change without notice, errors and omissions excepted.

// Certified and strictly approved

SCANGRIP's expert staff make sure that our lights meet all standards and regulations. Our work lights are manufactured at our own factories and subject to strict quality controls in full compliance with local regulations. Our lights meet the highest standards and are certified according to EU's regulations, directives, and harmonized standards. We are ISO9001 certified by Bureau Veritas.

// Chargers for all countries

Electrical plugs and voltages differ from country to country around the world. SCANGRIP offers chargers to all country variants worldwide. Go to our website for a complete list of chargers for our rechargeable work lights and all other accessories available.

All Alkaline products are tested according to the ANSI/NEMA FL-1 standard

Designed by us. Manufactured by us.

SPECIALIZED WORK LIGHT SOLUTIONS

Light is an important tool for many tasks. We take that very seriously when developing specialist lights for niche markets – such as lights for explosive working areas or lights for the painting and detailing industries.

EXPLOSION PROOF

Designed by us. Manufactured by us.

// SCANGRIP is Europe's leading manufacturer of work lights for professionals providing the strongest and most comprehensive ranges of work lights with the latest LED lighting technology available on the market.

SCANGRIP is innovation from Denmark: All products are designed and developed by SCANGRIP in Denmark and manufactured at our own factories.

SCANGRIP receives strong recognition in the marketplace for its product design, and the products are known for their high quality.

SCANGRIP strives for perfection, and is continuously optimizing and improving light output, battery capacity, design and ergonomics, durability, user-friendliness and functionality. The aim is to set new standards for professional work lights.

SCANGRIP was established in 1906 and has been manufacturing high quality hand tools for the industrial and automotive sectors for more than 110 years.
